MicroBLOC® Greenhouse Disinfectant

MicroBLOC® Greenhouse Disinfectant is an EPA-registered effective antimicrobial disinfectant designed for use by wholesale and retail florists, shippers and greenhouses. When used as directed, this product will disinfect hard, non-porous surfaces such as flower buckets, tools, floors and walls of coolers, design and packing benches and countertops. This product is specifically formulated to effectively eliminate offensive odors caused by mold and mildew.

Features and Benefits
This product inhibits bacterial and fungus growth by killing microorganisms such as mold and mildew, etc. that cause offensive odors.

- Non-acid Disinfectant - Fungicide - Mildewstat.
- Will not leave a grit or soap scum.
- Can be applied through automatic washing systems, immersion tanks, foaming apparatus, low pressure sprayers and floral processing equipment such as underwater cutters (anti-foaming agent may be needed).
- May be used as a general purpose antimicrobial detergent in florist shops, wholesale florist, shippers, greenhouse packing areas and other commercial horticulture places for efficient cleaning and anti-microbial action against certain bacteria which cause plugging of stems with slime, which reduces uptake of water for various flowers including roses, chrysanthemums, gladioli and tulips.

EPA Registration #10324-94-32258

Directions for General Use

- See label for detailed scenario use, storage and proper disposal directions.
- For heavily soiled areas in non-medical premise, Add 1.5 ounces per 5 gallons of water to disinfect hard non-porous surfaces.
- Apply use solution using a brush, sponge, cloth, mop, auto scrubber, mechanical spray device, hand pump, coarse pump, trigger spray device or by immersion so as to thoroughly wet surfaces.
- For sprayer applications, spray 6-8 inches from surface. Do not breathe spray. Rub with brush, cloth, or sponge. Treated surfaces must remain wet for 10 minutes.
- Allow to air dry. Rinsing of floors is not necessary unless they are to be waxed or polished. Rinse all treated surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse.
- Change cloth, sponge or towels frequently to avoid redeposition of soil. Prepare a fresh solution at least daily or when use solution becomes visibly dirty.

Container Sizes Available
(availability depends upon region)

- 1 gallon / 3.78 liters
- 5 gallons / 18.9 liters
- 30 gallons / 113.4 liters

Not registered for use in California.
