

Cleaner Plus

Disinfects, Cleans and Deodorizes

liquid concentrate

Cleans, disinfects, deodorizes buckets, tools, work surfaces, vases, coolers, as well as shipping and packing areas. Keeping your tools, working areas and containers free of bacteria and clean is paramount to the health of your cut flowers.

Features and Benefits

- Disinfects and reduces bacterial growth that affects flowers' health
- Versatile use for all stages in the flower chain
- No need to rinse with water, the leftover residue acts as a protective barrier even after initial wash. Will not harm plants or flowers.
- Clean your flower buckets and use them immediately
- Concentrated and ready-to-use solutions available
- Longer lasting action than house detergents or bleach
- Does not leave stains
- Removes odor from surfaces
- Cleans surfaces of soil, plant material, bacteria slime and lime scale
- Cleans glass, ceramic, metal, wood and plastics
- If you are in a hurry and forget to scrub, a simple rinse can still provide some valuable protection *(not the recommended use)*

Directions for Use

- For a Dosing System: 1:128. Dissolve 1 oz (30 ml) per 1 gallon of water
- For manual mixing, dissolve 1 to 2 oz (30 to 60 ml) of liquid concentrate in 1 gallon (4 Liters) of tepid water per label instructions for desired application
- Scrub items with solution and let stand or soak for 5 -10 minutes
- It is not necessary to rinse with water. The coating will be effective in keeping the item which is scrubbed clean.
- Dump any excess liquid
- Store product away from food items
