

Floralife P.A.C. Professional Agricultural Cleaner®

liquid surface cleaner

Floralife P.A.C. Professional Agricultural Cleaner® is a heavy-duty chlorinated cleaner for nonporous surfaces such as greenhouses / packing houses, floors, benches, coolers, tools and equipment.

Clean with Floralife P.A.C. Professional Agricultural Cleaner® before and after work period.

Floralife P.A.C. Professional Agricultural Cleaner® contributes 450 ppm of active chlorine when used at a rate of 2.5 fl. oz. per gallon of water.

Features and Benefits

- Floralife P.A.C. Professional Agricultural Cleaner® is a specifically formulated active chlorine detergent designed to help meet the highest cleanser standards.
- Floralife P.A.C. Professional Agricultural Cleaner® has been formulated for cleaning nonporous surfaces throughout the floriculture industry, which includes greenhouses, nurseries, interiorscapes, botanical gardens, atriums, packing houses and commercial / retail florists.
- Floralife P.A.C. Professional Agricultural Cleaner® may also be used in homes, school and other public areas.

A composite of detergents and emulsifiers, Floralife P.A.C. Professional Agricultural Cleaner® dislodges stubborn material such as sludge, oily residues and dirt. The emulsion will not “break” during rinsing, thus preventing oily residue to return to the contact surface.

Directions for Use

Follow the instructions on the product label.

Available in 5 and 30 U.S. gallon liquid containers.
