

# Floralife Crystal Clear Fresh Flower Food

## *The Clear Choice*

Floralife's Crystal Clear Flower Food is specially formulated to hydrate and nourish flowers for the maximum enjoyment of the customer.

All flowers need to be nourished as an integral step of post harvest care and handling. Floralife's Crystal Clear accomplishes this and at the same time remains clear in all water types. It is the ideal choice for clear vases. Crystal Clear is available in powder and liquid concentrate.

## *How does it work?*

Crystal Clear has three major ingredients all designed to nourish and hydrate fresh cut flowers:

- Acidifier - to adjust the pH of the water
- Sugar - as an energy source
- Stem unpluggers - to help keep the stems "plumbing" free flowing

## *Features:*

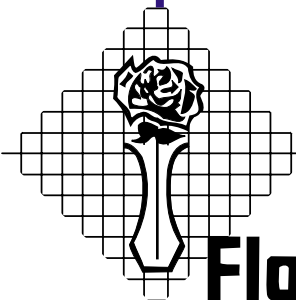

- Excellent choice for all water types
- "Crystal Clear" is crystal clear in all water qualities
- Developed by the leaders in post harvest care and handling
- Available in powder and convenient liquid concentrate
- Handy accessory pump available for accurate measuring
- Liquid Crystal Clear can be used with the Crystal Clear Sink Proportioner or through our FloraCare<sup>®</sup> Injection System for hassle free labor saving dispensing.

## *Liquid Crystal Clear can be dispensed using:*

- #3171 Pump dispenser with the #3170 one gallon bottle
- Sink proportioner
- FloraCare<sup>®</sup> Injection System

<u>Item#</u>	<u>Size</u>	<u>Use Solution Yield</u>
<b>Packets</b>
